

## **COVID-19 Information**

Myseum adheres to all CDC, local and state guidance. Face coverings and other requirements (if any) can be found on our Home Page under the Announcements section. To help our guests determine current admission availability, please check the Home Page on our website ([stlmyseum.com](http://stlmyseum.com)) or call 636-220-7930. Additional safety protocols include: Increased hand sanitizer stations. Use of an electrostatic sprayer that sprays a fine mist of an EPA registered hospital grade disinfectant to all surfaces. This is best for awkwardly shaped objects and hard to reach places. A hard surface disinfectant, deodorizer, virucide and sanitizer especially designed for the food service industry. High-touch interactive exhibits and other high-touch surfaces will be disinfected throughout the day.
